Which Scripture lesson read in worship stuck out to you the most and why? (Usually, there are 2-4 sections of Scripture read (OT, Psalm, NT and Gospel))

Listen to the whole sermon/teaching time, and when it's finished, write what you think the main point or message was. (Write at least one complete sentence to summarize.)

In worship, we hear both commands and promises from God (law and gospel). What is one command (do this!) or promise (gift from God) that you heard in this worship service?

What did you experience or hear in worship today that applies to your everyday life? **OR** What is something that you want to remember that you heard today in worship?

What is a question you have today regarding anything you heard, saw or experienced in the worship service (or any question about life, faith and/or God)?

**IN/OUTREACH PROJECTS (10 needed)**
